

CLIPPARD FLUID CONTROL PRODUCTS OFFERS THE COMPLETE LINE OF QUALITY CLIPPARD PNEUMATIC CYLINDERS AND VALVES

CYLINDERS

STAINLESS STEEL

- 304 stainless steel tubes, aluminum heads
- Low cost, long life – let us help you INTERCHANGE your current stainless cylinders

ALL STAINLESS STEEL

- Available in 303 and 304 stainless steel
- Wipers and FDA compliant grease standard on all
- Perfect for wash-down and caustic environments

DR-2 PRECISION REGULATORS

- Exceptional repeatability – ± 0.15 psi
- Provides a high level of precision and accuracy
- Features non-rising internal adjustment
- For applications where zero air consumption is required

VALVES

ELECTRONIC VALVES

- Media isolation, pinch valves, 7-10-15mm, piloted, modular, etc.

MANUAL VALVES

- Hand/foot operated, limit, sleeve, stem, toggle and valve actuators

AIR PILOT VALVES

- Low pressure, maximatic, brass, modular and valve actuators

CONTROL VALVES

- Pressure, check, needle, mufflers, flow, shuttle, exhaust, sensor, etc.

VACUFORCE FLUID CONTROL PRODUCTS CAN ASSIST WITH ALL YOUR INDUSTRIAL VACUUM LIFTING NEEDS

UNIVERSAL VACUUM LIFTING TOOL

THE SQUID

- Specifically developed to offer you a universal end of arm vacuum tool
- Utilizes different “end effectors” such as vacuum cups, foam, orifice fittings and self closing valves to help you lift and grip your products
- Can easily be added to existing vacuum tube lifters
- Perfect for corrugated product handling, carton case palletizing and numerous other applications

WINTERS FLUID CONTROL PRODUCTS OFFERS THE FULL LINE OF WINTERS PRESSURE GAUGES FOR USE IN ALL YOUR FLUID POWER APPLICATIONS

GAUGES

WINTERS STABILIZR® GAUGES

- Dry gauges that can easily be serviced without the hassle of draining and then refilling the case with fill fluid

STAINLESS STEEL

- Perfect for pumps, compressors and motors operating in harsh environments

LIQUID FILLED GAUGES

- Great for outdoor fluid power applications

BRASS CAGE GAUGES

- For severe service, high vibration hydraulic systems

DIGITAL PRESSURE GAUGES

- Ideal for test measurement and general purpose fluid power applications
